## MARVELOUS ARTESIAN WELL

DISCOVERED BY ELKO MAN

A big supply of water was struck last week near the round house of the Western Pacific railroad at Elko, when workmen dug a well six feet deep. Water is issuing from the ground at the rate of 250,000 gallons a day, confirming the theory of an underground stream. Other wells in the neighborhood will be sunk in a couple of days and farmers of the district are happy, since it means that a vast acreage can be irrigated without drawing from the present supply.

## TEMPERATURE REPORT

Highest temperature yesterday, 79; lowest this morning, 59.  
Highest temperature a year ago, 82; lowest, 61.

## Sore Eyes

Granulated Eyelids, Eyer inflamed by exposure to Sun, Dust and Wind quickly relieved by **Marine Eye Remedy**. No Stinging, just Eye Comfort. At Your Druggist's 50c per Bottle. **Marine Eye Remedy** is the only eye remedy that cures the eye. Druggists or Marine Eye Remedy Co., Chicago.

## MCARTY-GRAHAM BOUT TOMORROW

All the fighters billed to appear at the Alrdome tomorrow night are expected to put up a kind of rough milling and some great battles are expected. The Johnny McCarty-Bob Graham bout, which is for ten rounds and for the middleweight championship of the state, is creating a lot of interest both here and in Goldfield, where both men are well known. They are to weigh in at 158 pounds at 6 o'clock. No trouble is expected, as both are below that poundage now. A whole section of ringside seats has been reserved by Goldfield fans, who are said to be coming over in bunches with a lot of money to bet.

Paddy O'Hern and Tommy McKevitt look to be about as evenly matched as any pair of boxers brought together in many months. Both are clever as they make 'em, have a lot of speed and, as they are both trained to the minute, should put up eight rounds of fast milling—that is, if one of the two lightweights does not get clipped on the chin, which would about put a finish to the battle, as both are fairly good punchers.

Young Baxter, who lost the hair line decision to Johnny Morrison in Goldfield the other night, in what was thought by many to be the best bout of the evening, rang up Gus Rainier last night begging for a chance to take Mitchell's place against Morrison, and it is probable that he will be sent against the gold camp's hard hitting featherweight Tuesday night.

## E. W. RILEY STABBED

(Continued from Page 1)

had been summoned, but their services came too late. Death occurred at 11:20.

Riley was one of the best known mill men in the state. A machinist by occupation, he never was without employment, having for the last seven years worked for the Belmont both in the Tonopah and Millers plants. He was thrifty and saved his money, although, it is understood, he helped support a couple of sisters back in Brunswick, Mo. Two years ago he bought the Turf saloon at Millers, which he conducted for some time as an orderly and respectable resort, until he resolved to go east and visit his folks, whom he had not seen since coming to Nevada. He returned last week and began looking around for a business opportunity, when he was induced to lease the two story Wheeze building, adjoining the Mint, below Oddie avenue. He spent considerable money in refurbishing the place and decorating with the intention of conducting a high class resort.

The deceased was a magnificent specimen of manhood, 30 years of age, standing six feet one inch and weighing in proportion. He was dark and enjoyed a complexion that any woman might have envied. Both parents are dead, but he was devoted to his sisters and as late as Saturday afternoon mailed the girls two expensive shirts. The remains will be shipped to Brunswick, Mo.

Comersford has been regarded as a bad man who was always ready to pick a quarrel on the slightest provocation. He is credited with having killed another man at Ludwig, Nevada, but was acquitted as the evidence was not conclusive. The man he was alleged to have killed in the copper district was struck by a rock, but there was just enough doubt about the testimony to save Comersford.

Dunseath says he was approached by Comersford on Saturday evening for information about the peddling ordinance. Dunseath said his visitor told him that he had bought a lot of stuff outside with the intention of going into the peddling business and

## NEW DRIFT RUN ON BULL MOOSE

RUNNING IN LOW GRADE MATERIAL, CONTINUING THE HAMPTON INCLINE

Development work at the Bull Moose mine, optioned to the Tonopah Belmont, for the week ending July 22 approximated 120 feet, distributed through the south crosscut, east drift from the south crosscut No. 2, the old No. 2 Winze and a new east drift, on which work is just being commenced.

The south crosscut, from east drift No. 1, on the 30 foot level, is reported still in the marbledized line. An east drift has been started on the 30 foot level of south crosscut No. 2 for the purpose of tracing out the ore intersected in this crosscut. This drift is running in low grade material. It is believed that the values found here are a continuation of those opened up in the old Hampton incline, which was run two years ago on the Hampton-Sutton lease and with which nothing was done thereafter. A series of faults in this section complicate matters, but development of the next two weeks should prove whether or not this is the case.

Work has been resumed in the No. 2 winze, to follow the ore exposed in the main tunnel workings. This winze is being sent down at a somewhat steeper dip than that of the reef, with the intention of intersecting the ore exposed on the lower level.

In the month of June, 405 feet of development work was recorded.—Carrara Obelisk.

## RED CROSS SUPPLIES GOING TO GERMANY

UNITED STATES ASKS PERMISSION TO BE HELPFUL IN WAR CRISIS

(By Associated Press.) WASHINGTON, August 14.—Permission to re-establish Red Cross units in Germany is sought of the German government, it is announced from headquarters. This step is necessary in order to send Red Cross supplies to the central powers.

## THREE VESSELS SUNK BY SUBMARINE ATTACK

(By Associated Press.) LONDON, August 14.—Lloyd's today announced the sinking of the Italian steamer Nereus, the Italian sailing ship Dina and the French sailing ship Saghalien.

wanted to know something about the license law before starting.

Riley came to Millers seven years ago from Garfield, Utah, with high recommendations. He has three brothers in Hanford, Texas, and one sister at Brunswick, Mo. The body will be shipped to the latter place tomorrow morning.

At 1 o'clock this afternoon Justice Dunseath empaneled a jury consisting of Ed Harner, Tom Grant, John McNulty, William Sawie, C. C. Herman, John Scurlock and Dan H. Johnson to hold an inquest into the cause of death. The following witnesses were subpoenaed: Harry Grier, Bishop McKee, H. D. King, Louis Mantel, Lee Olinger and Olie Johnson.

Louis Mantel testified: "I was standing in front of the Colorado saloon, intending to go home. I looked up and down the street. I saw Mr. Riley and the unknown man, who did the stabbing, standing outside the Blue Ribbon. Riley called the man a dirty name, hit him over the head with his left fist and on the side with his right. Then he turned around and started to enter the saloon. As he did so, this man who he was talking with jumped on his back. I couldn't see what he had in his hand. Riley turned around and the man did something I could not see. Then this small man ran down the street towards the Casino. When the fellows from the different saloons around there appeared on the street, he ran down an alley and up a side street."

Harry Grier, Bishop McKee, H. D. King and Olie Johnson testified that they were inside the Blue Ribbon and that there was no commotion whatever. Riley and Comersford were conversing near the door, but their tone was not a bit boisterous. They knew nothing of the stabbing until Riley staggered into the doorway and displayed his bloodstained clothing. They then rendered what aid they could and called Dr. Cowden.

The verdict was that E. W. Riley came to his death from a knife wound inflicted by Charles Comersford. The jury was out fifteen minutes, rendering the decision at 3 o'clock this afternoon. A coroner's warrant was issued for Charles Comersford. The date of the preliminary hearing has not yet been set.

## DUTCH SAILOR CLAIMS HONOR

PATERNITY OF SUBMERSIBLE CARGO CARRIER CLAIMED BY A HOLLANDER

(By Associated Press.)

THE HAGUE, Netherlands, August 14.—A retired Dutch army officer claims the fatherhood of the transatlantic submarine service recently inaugurated by the "Deutschland." Jonkheer J. Sandberg, formerly of the Netherlands East Indian army, says that more than a year ago he addressed a letter to Admiral Von Tirpitz through the German consul general at the Hague, setting forth the idea of breaking the British blockade by this means and recommending its execution. A copy of the letter was a few days later brought to the notice of Herr Ballin, the managing director of the Hamburg-America line. The latter was much taken with the plan, and consulted with the competent authorities regarding its execution.

## COUNTING BALLOTS FROM PRIMARIES

The county commissioners began this afternoon counting the returns from the primary elections, without any change in the result. The delegates to the Republican County convention will be as follows:

Precinct 1, Tonopah—William Bozarth, Margaret U. Shields, George L. Dugan, Peter Fabbri, Al. Frevert.  
Precinct 2—R. Petroni, Mrs. L. A. Herring, F. A. Burnham, W. W. Booth, John Cooke.

Precinct 3—Thomas Lindsay, H. A. Reid, Charles Ducheneau, J. G. Crumley, J. H. Schwabe, Bert Whitney, Mrs. James L. Hayward.

Precinct 4—Mrs. L. W. Horton, Alex McKenzie, Mark R. Averill, C. K. Lawrence, Letson Ballet, E. C. Hall.

Beatty, E. E. Palmer; Round Mountain, R. H. Ernest and W. W. Gomo; Springdale, A. L. Lidwell; Rhyolite, F. W. Lockman; Lone, R. C. Johnson; Tybo, T. L. Wiswold; Pioneer, W. J. Tobin; Duckwater, F. A. Vanover; Currant, G. A. Manson; Nyaia, Chris Sorenson; Sharp, G. G. Davis; Blue Eagle, G. H. Sharp; Smoky Valley, James D. Stewart; Belmont, Frank Ayers; Golden Arrow, Wm. Stevensap; Manhattan, Joe Burke, Joe Cooke, Albert McFadden, Jr., A. S. Putney.

## BULLET PROTECTORS MENACE TO WEARER

DEALERS IN DEVICE HALED INTO COURT FOR ENDANGERING HUMAN LIFE

(By Associated Press.)

VIENNA, August 14.—The Austrian authorities have been making an apparently ineffectual fight against an alleged "bullet protector" that is widely sold, but which it is claimed is dangerous rather than helpful in any way.

The "protector" is, nothing but a curved piece of metal that is hung about the neck inside the tunic, and which, its producers claim, will stop or lessen the force of a bullet fired at long range. In practice, the authorities claim, it is merely a menace because a bullet at short range—as most of them are—will not only pierce it easily but flatten out in the process and often carry bits of the metal on into the body.

Some half a dozen dealers in the "protector" were haled before the courts recently on the charge of endangering public safety. Each claimed that the metal shields will stop bullets fired at a thousand yards or more. They established satisfactorily that they never had sold the shields under any other pretense, and therefore they could not be held for fraud.

## TWO MEN ARE KILLED AT THE RUTH MINE

Geo. Katalinich, an Austrian miner, and James Ronco, a native of Italy, were suffocated in the Ruth mine at about the time for changing shifts last Wednesday afternoon. It is supposed that they were suffocated by gases from shots fired by another party of miners who were working in a stope nearby, and who, it appears, were unaware of the presence of the two men in the adjoining raise. Katalinich was about 30 years of age. His wife arrived from the old country only a few days before the accident.—Ely Record.

CHAS. H. DANNALS, representing Hall, Luhrs & Co., of Sacramento, is here on one of his regular visits.

## WOODEN SOLED FLEXIBLE SHOE

CAVALRY CAPTAIN CLAIMS TO HAVE PERFECTED VALUABLE INVENTION

(By Associated Press.)

BUDAPEST, Hungary, August 14.—Barna S. Kohlener, an Hungarian captain of cavalry whose military usefulness was ended when he lost an arm, has devoted himself since his incapacitation to inventing a wooden soled shoe that shall have the virtue of flexibility, and announces that he has solved this problem, the hardest that has confronted wooden soled shoe enthusiasts.

His invention is a sole that, instead of being made of one solid piece of wood, is constructed of a number of layers jointed together by heavy oils or fats that thicken and grip the pieces of wood together. After countless experiments Capt. Kohlener declares that wooden soles constructed in this manner have the elasticity of leather soles, and in addition can be made of old and worn material worked over.

## AUSTRALIA HELPS TO SUPPLY WHEAT

HUGE QUANTITY OF WHEAT WAITING FOR VESSELS TO CARRY TO ENGLAND

(By Associated Press.)

MELBOURNE, Australia, August 14.—The government's purchase of fifteen large steamships in England to be operated by the commonwealth in the movement of Australian wheat to Europe will not go far towards solving the problem. The steamers have a total cargo capacity of 120,000 tons, but it is doubtful if they can make more than two trips each to Europe before the end of the year, and this will dispose of only 9,000,000 bushels of the huge quantity of the cereal that is awaiting shipment here.

Australia has almost 100,000,000 bushels of wheat stored in sheds where beginning to sprout in stacks where storage is unavailable in country railroad yards, and the commonwealth's next wheat harvest is already in sight to further complicate the problem.

The government's purchase of the steamers is hailed by the Labor party with gratification, for the establishment of a government owned fleet has long been a plank in its platform.

## GIRL SWIMMERS FROM AUSTRALIA

AUSTRALIANS COMING TO CHALLENGE AMERICAN SISTERS TO A TEST

(By Associated Press.)

SAN FRANCISCO, August 14.—If plans now in the making are carried out, the two fastest women swimmers in the world will make a tour of the United States and compete in various open events.

These women are Miss Fanny Durack and Miss Mina Wylie. Both hail from Australia and between them hold every world's women's swimming record. Miss Durack holds the world's record for the 100 yard event at one minute and six seconds. The best time that American girl swimmers have been able to achieve in this distance is about two seconds slower. The Australian champion is particularly noted for her wonderful consistency. She always approximates her own record. She has never yet been beaten.

Miss Wylie specializes in the breast stroke and has a world's record of 1:28 for 100 yards. The only woman who have ever defeated her is Miss Durack. Both were entered in the swimming events at the last Olympiad held at Stockholm, Sweden, in 1912, and won every event in which they competed against the fastest swimmers of the world.

## WILEY KELLY'S GIFT

Wiley Kelly, machine operator at the Butler theater, is the proud possessor of a baby boy, born Saturday afternoon. The mother is reported doing nicely. This is the third member of the family.

D. H. WALKER returned this morning from Sacramento after a visit to his family.

## J. D. (Jack) GRANT

Announces his Candidacy for Democratic Nomination

For Constable

Of Tonopah Township

## PERSONAL

FRANK LEE arrived from Smoky Valley Saturday afternoon.

J. R. HECOR arrived in Tonopah Sunday from San Jose.

MR. and MRS. A. B. GRAY leave tomorrow for Oakland, where they will make their future home.

MR. and MRS. T. J. DRON and Miss May King were arrivals from Manhattan yesterday afternoon.

JOHN MOORE, a prominent ranchman, motored in from his ranch at Smoky Valley yesterday afternoon.

CLARENCE GRAY registered Saturday at the hotel from Oatman, Ariz., leaving for Goldfield early Sunday morning.

MR. and MRS. R. R. SHIPLEY returned Saturday evening from their honeymoon trip in San Francisco and San Diego. Mrs. Shipley, better known as Dr. Rulison, will resume her office practice.

F. A. BRUCE, superintendent of the Nevada-California Power company, accompanied by his wife, left yesterday afternoon by auto for their ranch in Paradise Valley, Cal., to spend several weeks.

C. D. STEWART and wife passed through Tonopah this morning on their return trip to Los Angeles from Kansas City, Mo. Accompanying them in two Mitchell automobiles are P. Stanfield, wife and family, and A. Stanfield, wife and family, residents of Los Angeles from Ord, Neb.

## CLOUDBURSTS CAUSE RAILROAD WASHOUTS

Cloudbursts last Saturday afternoon caused serious washouts on the Caliente & Pioche railroad, the result of which Pioche has been cut off from railroad communication this week. The flat below town, from a point just to the north of Four Mile and down the valley was covered with several feet of water and washed the roadbed out along the railroad for a distance of about 1100 feet. The water came pouring down the gulches from both sides of the valley for several hours.

But the worst havoc was played in Condor canyon, where several bridges are washed away, and in a few places nothing was left except the ties and bent rails to show that there ever had been a railroad in the canyon.

## BUYS OUT TAILORING BUSINESS OF E. B. GRAY

Arthur L. Edwards has taken over the business recently conducted by E. B. Gray as ladies' and gentlemen's tailoring and cleaning establishment on Main street. Mr. Edwards has been in Tonopah for the last four months and in that time has proven that he is a first class artisan and competent in every branch of his business. He guarantees his work and will make a specialty of ladies' tailoring and cleaning. Mr. Edwards may be found at the old store on upper Main street and invites those needing anything in his line to give him a trial. Mr. Gray leaves for California tomorrow morning. AdvA14

## REGISTRATION RESUMED

Registration for the general election will open at 10 o'clock tomorrow morning at Justice Dunseath's office. Instead of four precincts there will be seven, and to avoid a rush early registration is urged.

## KNIGHTS OF PYTHIAS

Misph lodge No. 25, Knights of Pythias, will meet this evening to confer the degree of knight. All members are urged to attend.

## WANTED—Clean washed cotton rags; no buttons or hooks. Apply to the Bonanza.

WANTED—The address of Raymond S. Sulzer since March, 1913. Reward for information leading to his discovery. G. Sulzer, 1015 E. Grand Ave., Albuquerque, New Mexico.

WANTED—To rent 4 room unfurnished house. E. P. Whitney, Tourist garage. 724A14-17

FOUND—Bunch of Yale and Corbin keys. Call at the Bonanza office. 723A11-31
